

Every possible effort was made to engage COO of NSW BCS Strata Management, Mr. Greg Freeman, to no avail:

<https://au.linkedin.com/pub/greg-freeman/1b/9a0/108>

Greg Freeman serves as Chief Operating Officer for NSW of Body Corporate Services Pty Ltd. Mr. Freeman has been Portfolio Manager of BCS since 2000. Mr. Freeman served as Financial Analyst and Corporate Banker of two American financial institutions as well.

Trying to engage Strata Community Australia (NSW) to investigate their professional member was met with silence. That is not unexpected because some members of the SCA had direct conflict of interest in regards to BCS. Best example:

Mr. Greg Haywood. He was a CEO of the PICA Group which includes Body Corporate Services (BCS) and Director (President) of Strata Community Australia (NSW):

<https://au.linkedin.com/pub/greg-haywood/29/4a3/360>

Mr. Greg Haywood received a "recognition" for best strata management business that was awarded by SCA (NSW) to BCS Strata Management in 2014. The award was given by SCA (NSW), where he was a Director/President, to BCS Strata Management, which was/is part of PICA Group where he was a CEO:

More details about SCA involvement and refusal to take actions:

SP52948 borrowed money from PICA (cash advance) in August 2014, without disclosing it in any documents to owners (including AGM in November 2014), which was paid back six months later.

BCS "miraculously" won the "tender" for strata management in November 2014 for three years.

Owners in SP52948 are still not allowed to see details of the "tender", directly breaching the law: SSMA 1996 S108!

In 2011, Mr. Freeman and EC member alone "negotiated" renewal of BCS contract, where they "offered" discount which Mr. Freeman called loyalty rebate. That rebate never occurred and owners corporation received no benefit from it, as confirmed in balance sheets and document viewing as per SSMA 1996 S108 in 2013, 2014, and 2015:

<http://www.nswstratasleuth.id.au/Greg-Freeman-COO-BCS-negotiating-secret-strata-manager-contract-24Oct2011.pdf>

The Motion about it was deliberately excluded by BCS Strata Management at AGM on 19th of October 2016:

Note: BCS Strata Management FAILED to include this as Motion in the agenda for AGM 2016

Motion: Undisclosed Secret Cash Advance from PICA Group – Parent Company of BCS Strata Management

That owners corporation confirms by ORDINARY RESOLUTION pursuant to Section 47 of the Strata Schemes Management Act 1996 BCS Strata Management

- Failed to disclose secret cash advance from parent company PICA Group before AGM 2014 in any financial statement or minutes of meetings. The cash advance was repaid to PICA Group six months later on 25th of March 2015, in amount of \$20,745.50,
- Refused to sign Declaration of Conflict of Interest before AGM 2014 two times,
- Acted in non-compliance with SSMA 1996 Section 108 for strata document search in 2014 and 2015 and failed to provide evidence which EC members and BCS staff authorized and knew about it, and failed to provide any evidence of multiple quotes for tender of strata management contract renewal before AGM 2014.

34 Motions at AGM 2016 were completely excluded and 6 Motions manipulated to prevent liabilities by BCS Strata Management.

These are some of the emails (more than 50) and inquiries sent to Mr. Greg Freeman personally. A reply or even acknowledgement of the request was never received.

He also ignored the invitation to attend AGM 2014 in person.

Some of the well-known and documented roles of directors to manage the process after complains were passed to them:

- Be responsible for ensuring that the process is as supportive as possible for the complainant, that it keeps to agreed timeframes and that it considers what implications should be drawn from the complaint for current practice at BCS Strata Management.
- Be responsible for meeting the complainant and clarifying their complaint and the outcome they are seeking.
- Make appropriate support available to the complainant to assist them during the process, and appointing any independent assessors and mediators that may be required.
- Protect and respect the privacy of complainants and other parties involved in any process or investigation carried out.
